## MSMS MyriadSea Management System Update Notice

A new version of MSMS has been issued, **version 5.2**.

This replaces all previous MSMS versions. The online version of MSMS has been updated, and can be accessed at [www.myriadships.com](http://www.myriadships.com) – note that you may need to refresh your browser to ensure the current version displays. Always check the top right to ensure you are viewing **version 5.1**.

The following is a summary of the changes that have been made to the system:

### New Sections

| Section | Title | Summary |
|---------|-------|---------|
| N/A     |       |         |

### Amendments

| Section     | Title                  | Details of Change                                                                                                                                                                                                                                                                                                                                                                                                                      |
|-------------|------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| A06<br>v.04 | Working Safely         | <b>Section A06.20 Safety Committee added.</b> <ul style="list-style-type: none"><li>This section requires a safety committee meeting to be held at least monthly and minutes recorded on Form A03A.</li></ul> <b>Section A06.21 Safety Officer added.</b> <ul style="list-style-type: none"><li>This section makes clear that the Master is the Ship Safety Officer, unless this role is expressly delegated by the Company.</li></ul> |
| B09<br>v.02 | Ship Security          | <b>Section B09.09 added.</b> <p>This section sets out the MARSEC security levels, and describes basic actions that may be taken at each of these. However, detailed actions cannot be included here, as these are security sensitive and specific to the ship. These are contained in the restricted Ship Security Plan.</p>                                                                                                           |
| B08<br>v.02 | Emergency Preparedness | <b>Section B08.7 Emergency Generator added.</b> <p>This section requires that operating instructions for the emergency generator are posted next to the emergency generator itself and that these are checked at least monthly by an Engineer Officer.</p>                                                                                                                                                                             |
| B03         | Engineering            | Simple link correction, no content change, no amendment recorded. Link in Section B03.02 corrected.                                                                                                                                                                                                                                                                                                                                    |
